## SHORT BIO

Saymonlegacy is a melodic afro house DJ and producer based in Ibiza. Eighteen years behind the desk, a remix of Like Mike's "Best Friend" on Green Room (Smash The House), "Tonight" on Cafe De Anatolia and a catalogue registered with BUMA/STEMRA, all chasing one thing: the long build that makes a whole room look up at the same time.

## WHAT A SET FEELS LIKE

Warm percussion, deep melodic lines, voices drifting over the drums. Built for terraces at golden hour and the rooms that stay full after midnight.
